REINFORCED PLASTICS & COMPOSITES
PRODUCTION ENGINEERS

COMPOSITE CUTTING &
PIERCING EQUIPMENT FOR:
FABRICS, PREPREGS & FILMS

We can supply a variety of composite cutting equipment, including the following:-

- (1). Electric Shears & Scissors: suitable for most fabrics including carbon & aramid fibres.

- (2). Manual Cutters & Piercers: a range of scissors & shears are stocked in a variety of sizes, as well as for left handers. These include: laser serrations & PTFE coated.

- (3). Air Tools & Diamond Coated Cutters: a range of these can be provided to you requirements.
- (4). Hot Knife Cutters: these facilitate the cutting, slitting & re-sealing of many workshop consumables. Quicker, more accurate & cleaner than using shears also eliminating frayed & unsealed edges.
- (5). Adjustable Film & Fabric Unrollers are also available.
